May 2021

Dear Parents/Carers,

As we settle back down to a more usual school routine, we are planning some fun and enjoyable summer term events for our nursery and schools.

As you will appreciate, all provisional arrangements that we put in place will be subject to change, if government guidance should be amended in any way during this school term; all of the traditional school events, such as the sports mornings and concert performances, will therefore be under continuous review until they can be finally confirmed as either virtual occasions, which will be available to view on our websites, or face to face events.

The calendar dates on the next page have been scheduled in order to provide you with as much notice as possible of the proposed summer term activities which we are planning at this time; all sessions will be run within the boundaries of any health and safety control measures which we will be required to apply in order to be COVID secure.

Please be assured that as soon as we have updates from the Department of Education regarding these considerations we will be updating you as promptly as possible.

We would also like to advise you that all current safety requirements that are in place for the whole school community e.g. the wearing of face coverings, the one way system around the school site, the staggered start/end of the school day, as well as break/lunch times, will be continuing until further notice.

We are now looking forward to our in-school activities, such as the Numbers Day, the Online Safety Day and our popular Arts Week, which will be taking place as usual across both schools.

Wishing you and your families a relaxing and enjoyable summer term.

Carolyn Fox

Curriculum Vision

Respect **Inspiration** **Self-Belief** **Excellence**
Passion **Achievement** **Resilience**
Knowledge

Our Online Safety Day is being held on Thursday 27th May, during which time the children will take part in sessions which focus on the safe use of the Internet.

Course materials will also be sent out for parents' information and use, which we hope will be helpful for you in support of this important aspect of our safeguarding agenda.

Rise Park Learning Powers

We are excited to be using Rise Park's Learning Powers to support our Curriculum Vision!

Here is the Superhero for the Learning Power of Self-Belief, which was created by one of our pupils.
