

Primary School Sport Premium

The Government continues to provide generous funding per annum, to improve provision of physical education and sport in primary schools.

At Rise Park Academies, we understand that sport, games and PE are beneficial to our children's physical wellbeing, as well as their emotional wellbeing too. We aim to establish a sporting culture that enables and encourages all children to play and enjoy sport; learn new skills; build children's confidence and develop their fitness and skills levels. We have established a number of clubs; before school, during lunchtimes and after school, offering a variety of sporting opportunities for our children. We enter numerous school sport competitions to allow children to be competitive and are constantly developing our PE programme.

- Our aim is to continue to invest part of the School Sports Premium money into finishing off the construction of the multi-sport, all weather sports court (MUGA), which will provide a long-term facility that will benefit all our children across both Key Stages.
